Cabinets feature premium construction typically offered as upgrades, including fully interlocked dado and rabbet joinery. Built with 3/4" hardwood face frames, durable melamine interiors, and 5/8" solid wood dovetail drawers with soft-close, full-extension steel slides. Includes 3/4" adjustable full-depth shelving and a wide selection of door styles, wood species, finishes, colors, and customization options.

FULLY CUSTOMIZED CABINETS

Overall Build: Premium construction using interlocking rabbeted and dadoed joinery for added strength and durability

Face Frame: 3/4" hardwood face frame with glued and screwed joints

Cabinet Box: Fully interlocked dado-and-rabbet construction with durable, scratch-, heat-, and moisture-resistant melamine interior

Drawer Boxes: 5/8" thick solid wood drawers with dovetail joinery
Drawer Slides: Concealed, full-extension premium steel soft-close slides

Shelves: 3/4" thick, full-depth adjustable shelves with shelf pin support

Finishes & Options: Wide selection of door styles, wood species, colors, finishes, overlays, and edge profiles, including engineered veneer and painted MDF options depending on style
